PRESS RELEASE

Broken Arrow Emergency Management is working with the Oklahoma Department of Emergency Management to assess damage caused by flooding which occurred May 4, 2006. The preliminary stage of the assessment process is to compile a list of all residents in the Broken Arrow area who sustained water damage to their homes. Individuals affected by flood damage should report that damage to the Emergency Management office at 451-8669 or via email at eoc@brokenarrowok.gov. Individuals reporting damage need to include the following information:

Name
Address
Telephone Number
Depth of water damage in the home. (inches)
Brief description of the damage.

At this time, City and State officials are working together to determine what, if any, state or federal assistance may be available for residents.
